Summary

- Student with a lot of extracurricular interests
- Participant in the NetBeans community
- Laboratory class assistant at the Charles University in Prague
- iPhone coder and external tester at Inmite.cz.

Skills and specialties:

Testing and writing JUnit/Functional tests, in-depth knowledge of the NetBeans IDE, presenting the information (mainly those related to the IT), communication with people, programming in Java/PHP/C++/C#...

Education

Univerzita Karlova v Praze

Mgr., Computer Science and IT - Software Engineering, 2007 — 2010 (expected)

Universiteit Utrecht

no degree, Computer Science, 2007 — 2008

- Erasmus exchange stay (6 months)
- I have studied mostly the subjects from the Agent Technology master programme.

Univerzita Karlova v Praze

Bc., Computer Science and IT - Programming, 2004 — 2007

Work Experience

Software Engineer

Sun Microsystems

February 2008 — Present (1 year 11 months)

Testing the Kenai.com integration in the NetBeans IDE (all the aspects of the Kenai.com - SCM, Issue tracking, Continuous Integration, XMPP, ...). Writing JUnit tests for the Kenai API Framework. Fixing smaller issues and implementing functionality related to the Kenai integration in a leisure time, if necessary. Communication with the NetBeans community.

Previously, I was responsible for the testing in following areas: VCS (life-cycle tools, mainly version-control systems), Java Editor and Mobility (J2ME).

Teaching Assistant

Charles University

October 2008 — Present (1 year 3 months)

Leading the laboratory classes for the subjects "Programming I" and "Programming II" (compulsory subjects for Bc. degree).

Annotation of the subjects:

- <http://is.cuni.cz/eng/studium/predmety/index.php?do=predmet&kod=NPRG030&skr=2008&fak=11320>
- <http://is.cuni.cz/eng/studium/predmety/index.php?do=predmet&kod=NPRG031&skr=2008&fak=11320>

iPhone coder and assisting Quality Engineer

Inmite s.r.o.

February 2009 — Present (11 months)

Developing iPhone applications. Testing high-tech web applications for various clients.

PHP Coder

iKup s.r.o.

April 2006 — April 2007 (1 year 1 month)

Designing, optimizing and implementation of PHP application for online auctions and stores ("czech ebay").

Honors and awards:

- McKinsey Scholarship, 2009
